

LOCATION:

MED TWO COLLECTION. LA RESERVA DEL HIGUERÓN, FUENGIROLA.

DESCRIPTION:

After the success obtained with Med One, we would like to continue with this collection by creating Med Two. **AVANT-GARDE ARCHITECTURE, SPECTACULAR SEA VIEWS, STRATEGIC LOCATION and MAGNIFICENT QUALITIES** are a summary, in great measure, of this unique and unrepeatable collection.

A remarkable architecture on the Costa del Sol that differs at first sight from the rest thanks to its movement and elegance. Three private and exclusive modules with spectacular sea views make up its 38 units of 2 bed apartments and penthouses, the latter with a jacuzzi.

Another of the key attractions of Med Two is its location, only 250 metres from the sea. Thanks to this, its residents can walk to the beach, restaurants, shops and the train station that brings them back home directly from the airport.

Extraordinary qualities with Italian kitchens, underfloor heating in bathrooms, large common areas with an infinity pool, a jacuzzi, a barbecue area and a carefully landscaped garden guarantee a holiday full of unforgettable moments.
