DESCRIPTION:

The design of South Residences is inspired by the Higuerón Hotel as it follows the same avant-garde line and uses sustainable materials such as corten steel, stone and wood.

The houses will be numbered as if it were a hotel and this is no coincidence. People who buy a home in South Residences will be able to enjoy exclusive services from the Higuerón Hotel Curio Collection by Hilton 5*. Art is a fundamental pillar of this project. The owners will live surrounded by exclusive pieces as if it were a gallery. In addition, the 4 blocks take the name of renowned contemporary artists such as Leiro, Brinkmann, Darko and Alfil.

Higuerón South Residences has 2 and 3-bedroom homes that are open-plan and spacious, with an elongated sliding door to double the entry of natural light and enjoy better views.

Architecture and nature merge in a dream project: 164 homes surrounded by native vegetation. Composed of 70 Deluxe Apartments, 49 Garden Villas, 25 Sky Villas and 20 Sky Penthouses.
